

Abdeen Wahab

Abdeen joined IAIC in 2022 with over 23 years of senior leadership/executive level experience in Financial Services and Wealth Management. He comes to IAIC with a track record of success in developing the strategies, systems, and tools needed to grow and scale multiple lines of business while enhancing the Client Experience.

After earning his degree from Carleton University, Abdeen began his career in banking working in retail lending, partnership marketing and risk operations. Abdeen then took on a leadership role with a large independent wealth management firm and spent 12 years modernizing both mid and back-office operations. Over the last 4 years, Abdeen has been focused on delivering large scale programs in the wealth management space aimed at delivering transformative technological and operational change.
