

Lee Grimshaw CFA®, ICD

Lee spent 14 years at a major chartered bank and was a managing director of the bank's proprietary \$600M pool of private equity and high yield debt investments. Formerly based in Vancouver, Lee's last role was as Managing Director, where he had direct oversight of investments, limited partnership investing, and regional team management. Previous to this, Lee obtained operating-company expertise in areas such as Aircraft Engines, Aerospace and Appliances, in addition to ten years of leveraged buyout experience.

Lee holds a degree in Commerce, has an MBA, and is a CFA charterholder. He is also an alumnus of the GE Financial Management Program and has served on numerous private company boards spanning a variety of industries (such as structured wood products, healthcare, food processing, technology, manufacturing, waste management and seismic processing).
