

Nicholas Leach, BA, CFA®

Nicholas joined IAIC in 2021 bringing over 20 years of investment management experience. Before joining, Nicholas managed award-winning corporate bond mutual fund portfolios at both TD Bank and CIBC. His focus was on the North American High-Yield bond market where he applied a conservative, bottom-up value-oriented style. Nicholas brings expert knowledge of credit markets covering a broad range of companies, industries and credit quality. Early in his career, as an Information Technology Analyst, Nicholas gained valuable technical experience in Relational Database Management Systems (RDBMS).

These RDBMS skills have proven invaluable in many areas of portfolio management including construction/ maintenance, portfolio risk management/ optimization and quantitative modelling.

Nicholas is a CFA charterholder and holds a degree in Economics from the University of Toronto
